Application for Federal Assistance SF-424

Version 02

***Applicant Federal Debt Delinquency Explanation**

The following should contain an explanation if the Applicant organization is delinquent of any Federal Debt.

INSTRUCTIONS FOR THE SF-424

Public reporting burden for this collection of information is estimated to average 60 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0043), Washington, DC 20503.

PLEASE DO NOT RETURN YOUR COMPLETED FORM TO THE OFFICE OF MANAGEMENT AND BUDGET. SEND IT TO THE ADDRESS PROVIDED BY THE SPONSORING AGENCY.

This is a standard form (including the continuation sheet) required for use as a cover sheet for submission of preapplications and applications and related information under discretionary programs. Some of the items are required and some are optional at the discretion of the applicant or the Federal agency (agency). Required items are identified with an asterisk on the form and are specified in the instructions below. In addition to the instructions provided below, applicants must consult agency instructions to determine specific requirements.

Item	Entry:	Item	Entry:
1.	Type of Submission: (Required): Select one type of submission in accordance with agency instructions. • Preapplication • Application • Changed/Corrected Application – If requested by the agency, check if this submission is to change or correct a previously submitted application. Unless requested by the agency, applicants may not use this to submit changes after the closing date.	10.	Name Of Federal Agency: (Required) Enter the name of the Federal agency from which assistance is being requested with this application.
2.	Type of Application: (Required) Select one type of application in accordance with agency instructions. • New – An application that is being submitted to an agency for the first time. • Continuation – An extension for an additional funding/budget period for a project with a projected completion date. This can include renewals. • Revision – Any change in the Federal Government's financial obligation or contingent liability from an existing obligation. If a revision, enter the appropriate letter(s). More than one may be selected. If "Other" is selected, please specify in text box provided. A. Increase Award B. Decrease Award C. Increase Duration D. Decrease Duration E. Other (specify)	11.	Catalog Of Federal Domestic Assistance Number/Title: Enter the Catalog of Federal Domestic Assistance number and title of the program under which assistance is requested, as found in the program announcement, if applicable.
3.	Date Received: Leave this field blank. This date will be assigned by the Federal agency.	12.	Funding Opportunity Number/Title: (Required) Enter the Funding Opportunity Number and title of the opportunity under which assistance is requested, as found in the program announcement.
4.	Applicant Identifier: Enter the entity identifier assigned by the Federal agency, if any, or applicant's control number, if applicable.	13.	Competition Identification Number/Title: Enter the Competition Identification Number and title of the competition under which assistance is requested, if applicable.
5a.	Federal Entity Identifier: Enter the number assigned to your organization by the Federal Agency, if any.	14.	Areas Affected By Project: List the areas or entities using the categories (e.g., cities, counties, states, etc.) specified in agency instructions. Use the continuation sheet to enter additional areas, if needed.
5b.	Federal Award Identifier: For new applications leave blank. For a continuation or revision to an existing award, enter the previously assigned Federal award identifier number. If a changed/corrected application, enter the Federal Identifier in accordance with agency instructions.	15.	Descriptive Title of Applicant's Project: (Required) Enter a brief descriptive title of the project. If appropriate, attach a map showing project location (e.g., construction or real property projects). For preapplications, attach a summary description of the project.
6.	Date Received by State: Leave this field blank. This date will be assigned by the State, if applicable.	16.	Congressional Districts Of: (Required) 16a. Enter the applicant's Congressional District, and 16b. Enter all District(s) affected by the program or project. Enter in the format: 2 characters State Abbreviation – 3 characters District Number, e.g., CA-005 for California 5 th district, CA-012 for California 12 th district, NC-103 for North Carolina's 103 rd district. • If all congressional districts in a state are affected, enter "all" for the district number, e.g., MD-all for all congressional districts in Maryland. • If nationwide, i.e. all districts within all states are affected, enter US-all. • If the program/project is outside the US, enter 00-000.
7.	State Application Identifier: Leave this field blank. This identifier will be assigned by the State, if applicable.	17.	Proposed Project Start and End Dates: (Required) Enter the proposed start date and end date of the project.
8.	Applicant Information: Enter the following in accordance with agency instructions: a. Legal Name: (Required): Enter the legal name of applicant that will undertake the assistance activity. This is the name that the organization has registered with the Central Contractor Registry. Information on registering with CCR may be obtained by visiting the Grants.gov website. b. Employer/Taxpayer Number (EIN/TIN): (Required): Enter the Employer or Taxpayer Identification Number (EIN or TIN) as assigned by the Internal Revenue Service. If your organization is not in the US, enter 44-4444444. c. Organizational DUNS: (Required) Enter the organization's DUNS or DUNS+4 number received from Dun and Bradstreet. Information on obtaining a DUNS number may be obtained by visiting the Grants.gov website. d. Address: Enter the complete address as follows: Street address (Line 1 required), City (Required), County, State (Required, if country is US), Province, Country (Required), Zip/Postal Code (Required, if country is US). e. Organizational Unit: Enter the name of the primary organizational unit (and department or division, if applicable) that will undertake the	18.	Estimated Funding: (Required) Enter the amount requested or to be contributed during the first funding/budget period by each contributor. Value of in-kind contributions should be included on appropriate lines, as applicable. If the action will result in a dollar change to an existing award, indicate only the amount of the change. For decreases, enclose the amounts in parentheses.
		19.	Is Application Subject to Review by State Under Executive Order 12372 Process? Applicants should contact the State Single Point of Contact (SPOC) for Federal Executive Order 12372 to determine whether the application is subject to the

	assistance activity, if applicable.		State intergovernmental review process. Select the appropriate box. If "a." is selected, enter the date the application was submitted to the State																								
	f. Name and contact information of person to be contacted on matters involving this application: Enter the name (First and last name required), organizational affiliation (if affiliated with an organization other than the applicant organization), telephone number (Required), fax number, and email address (Required) of the person to contact on matters related to this application.	20.	Is the Applicant Delinquent on any Federal Debt? (Required) Select the appropriate box. This question applies to the applicant organization, not the person who signs as the authorized representative. Categories of debt include delinquent audit disallowances, loans and taxes. If yes, include an explanation on the continuation sheet.																								
9.	Type of Applicant: (Required) Select up to three applicant type(s) in accordance with agency instructions.	21.	Authorized Representative: (Required) To be signed and dated by the authorized representative of the applicant organization. Enter the name (First and last name required) title (Required), telephone number (Required), fax number, and email address (Required) of the person authorized to sign for the applicant. A copy of the governing body's authorization for you to sign this application as the official representative must be on file in the applicant's office. (Certain Federal agencies may require that this authorization be submitted as part of the application.)

Budget Explanation

Carryover

- The \$7,534 carryover represents funds from PY 2007 and is entirely allocated to Program Operations.
- The \$394,671 carryover represents the entire PY 2008 funds allocated to VICS who was suspended. The funds were allocated as follows: Administration - \$19,697, T&TA - \$10,370, Program Operations - \$364,604. The funds are being reallocated on an interim basis to CES, Maravilla, and PACE.
- The \$14,161,143 carryover represents the PY 2009 and supplemental grants. The funds were allocated as follows: Administration - \$1,416,114, T&TA - \$2,460,357, Program Operations - \$10,284,672. Ramp up activities and work performed for DOE ARRA took precedence.

Personnel

Positions to be supported under the proposed award and brief descriptions of the duties of professionals:

Multiply (k) by 30.5 MBTU for Total Annual Estimated Energy Savings resulting from all funding sources	668,306	(l)

Training, Technical Assistance, and Monitoring Activities

Training and Technical Assistance - Grantee

Training and Technical Assistance for Subgrantees

Field Representatives provide both training and programmatic assistance during on-site visits and through ongoing telephone contact with the Subgrantees.

Program Analysts comprising the department's Technical Support Unit administer the oversight of the Weatherization Inspection Policy, provide technical assistance to staff and Subgrantees, develop training curriculum, and assess past and future training needs.

A third-party inspection contractor provides follow-up field training and technical assistance pertaining to the installation of weatherization measures, the quality and appropriateness of installed weatherization measures, infiltration reduction, and health and safety measures and develops training curriculum,. The contractor is also available by phone to any Subgrantee seeking technical assistance related to field issues.

Training and Technical Assistance for Department Staff

CSD staff is trained on an on-going basis to keep them abreast of contractual and policy changes. Ongoing training will be required for CSD staff to become proficient with the updated monitoring procedures. The monitoring tool continues to be developed and implemented in stages.

Subgrantee Training Evaluation

Field Representatives make annual monitoring visits and conduct report evaluation on an ongoing basis. One of the goals of report evaluation is to assess the need for training.

During the current program year, a unit inspection database is continuing to be developed to create reports specifically for determining and addressing training and technical assistance needs based upon results of third-party inspections and trend analysis.

Fiscal and Programmatic Training Development

Webinars are developed as needed for key administrative and fiscal Subgrantee agency staff for separate tracking of funds, supporting documents and invoices, billing, contractual changes, independent audit reports, and internal controls.

Field Training Development

The department has restructured the training requirements for Subgrantee and subcontractor field staff to ensure quality workmanship. Requirements have been stepped up to produce a sustainable work force.

Training and Technical Assistance - Subgrantee

The training and technical assistance funds will be allocated to Subgrantees to provide the required training. The department allocates up to 2% of LIHEAP weatherization funds and up to 2% of ECIP funds for training purposes to supplement DOE's contribution. The training encompasses site-built and mobile homes.

New Training Series

Training Series	Delivery
Pre-Weatherization	Online for candidate screening
Health & Safety	Online
Environmental Hazards (Lead-Safe Weatherization, Mold, Asbestos modules)	Online, video, followed by mobile training unit
Introduction to Weatherization	Online
Basic Weatherization	CSD-Approved Training Centers
Pre-Duct Blaster/Blower Door Diagnostics	Online
Duct Blaster/Blower Door Diagnostics	CSD-Approved Training Centers; followed by mobile training unit
Pre-Combustion Appliance Safety	Online
Combustion Appliance Safety	CSD-Approved Training Centers; followed by mobile training unit
Weatherization Energy Audit	Initial regional training; on-site by training contractor
Field Assessment	CSD-Approved Training Centers; on-site by training contractor
Quality Assurance/Inspection	CSD-Approved Training Centers; on-site by training contractor

Note: In-house training will no longer be an acceptable form of training in meeting the department's training requirements. It will only be viewed as supplemental on-the-job training.

New Training Requirements for New Hires of Subgrantees and Subcontractors who Provide Basic Weatherization Services

Training Series	Crew	Assessor	Inspector	Field Supervisor
Pre-Weatherization	X	X	X	X
Health & Safety	X	X	X	X
Environmental Hazards (Lead-Safe Weatherization, Mold, Asbestos, Regulatory Requirements modules)	X	X	X	X
Introduction to Weatherization	X	X	X	X
Basic Weatherization	X	X	X	X
Pre-Duct Blaster/Blower Door Diagnostics	X	X	X	X
Duct Blaster/Blower Door Diagnostics	X	X	X	X
Pre-Combustion Appliance Safety	X	X	X	X
Combustion Appliance Safety	X	X	X	X
Weatherization Energy Audit	X	X	X	X
Field Assessment		X		X
Quality Assurance/Inspection			X	X

New Training Requirements for Existing Staff of Subgrantees and Subcontractors Who Provide Basic Weatherization Services

All existing field staff of Subgrantees and subcontractors who provide basic weatherization services shall be required to take the Health & Safety and Environmental Hazards online training. Follow-up field training for Environmental Hazards will be conducted by the Mobile Training Center.

Existing field staff that completed classes prior to the dates listed below shall be required to take and pass an online test or attend the course series (online, classroom and field trainings):

- Basic Weatherization: November 2003
- Blower Door/Duct Blaster: April 2006
- Combustion Appliance Safety: April 2006

For existing field staff that have never completed training in Basic Weatherization or Duct Blaster/Blower Door Diagnostics, or for whom no training dates are recorded but have field experience, crews shall be required to follow the training plan described below:

- An on-line test must be taken.
- If not successful, the Subgrantee or Subcontractor shall be required to attend and complete the course series (online, classroom and field trainings).

For existing field staff for who no training dates for Combustion Appliance Safety have been recorded shall be required to take the full course series.

New Training Requirements for Specialty Subcontractors

All Subcontractors who perform specialty work for Subgrantees and whose work involves combustion appliances shall be required to take the full course series for Combustion Appliance Safety if the Subgrantee will not be performing the combustion appliance safety testing.

EPA Certified Renovator Training

All Subgrantees and subcontractors are required to have at least one Certified Renovator on staff. The department provided renovator training during Program Year 2009. In the future, training for additional employees can be obtained from any EPA-certified trainer available.

Additional Requirements

No weatherization employee or subcontractor is allowed to conduct combustion appliance, blower door and duct leakage diagnostics without proper training.

Training logs are required to be maintained.

New employees are required to be trained in health and safety and environmental hazards practices within 30 days of employment and will not be allowed to enter a pre-1979 dwelling in any capacity until such training has been completed.

Personnel providing services to clients residing in pre-1979 HUD units must be trained in HUD-approved lead-safe weatherization practices before work can commence.

Subgrantees and subcontractors who perform basic weatherization services are encouraged to schedule additional refresher trainings as needed with the department's training contractor.

Monitoring

Monitoring Program

CSD will conduct on-site and in-house monitoring of Subgrantees to ensure that Subgrantee meet the performance goals, administrative standards, financial management requirement, and other requirements of the DOE WAP program. CSD's monitoring program consists of the following monitoring strategies:

- Third-party inspectors will conduct inspections of at least 5% of the completed dwelling units to monitor prioritization and feasibility of weatherization measures, job costs, quality of workmanship, material standards and review of client files. If the inspection reveals quality control or other problems, the percentage of units to inspect and frequency of inspections will increase until all issues are resolved.
- Field representatives conduct annual on-site monitoring of financial records, contractual compliance and client files including but not limited to verifying client and dwelling eligibility, diagnostic testing requirements, completeness and feasibility of measure installation. Field Representatives also identify methods, deficiencies, and successes in program operations and assess technical assistance needs to recommend appropriate training.
- Field representatives conduct in-house quarterly assessments including but not limited to an evaluation of Subgrantee's expenditure performance, adherence to budget restrictions, timeliness of reports and operational deficiencies. Noted concerns will be brought to the attention of the Executive Director and/or Board Chair for resolution that may result in an on-site visit or increased reporting such as comprehensive monthly evaluations.

- Field Representatives will conduct on-site visits as needed to follow-up on monitoring findings, investigate client/employee complaints, Whistleblower complaints or as deemed necessary.
- Auditors perform annual reviews of Subgrantees latest single-wide audits for compliance with A-133 OMB, and issue transmittal letters to Subgrantees that include findings.
- Third party auditors will conduct investigative audits as needed to evaluate Subgrantees' accounting systems and fiscal integrity.

Program and fiscal monitoring will be used to determine the program and operational effectiveness of Subgrantees. Findings based on unauthorized measure installation, billing discrepancies, client and dwelling ineligibility may result in disallowed costs.

Training records for the required online, classroom and field training are maintained at the department. Field representatives and analysts from the Technical Support Unit follow up with Subgrantees when the required training was not taken or other training discrepancies are found.

Expanded Monitoring Scope

Based on several recommendations from Department of Energy, the following areas will be evaluated by Field Representatives and/or third party inspectors during their on-site visit:

- Field monitoring guidelines will be expanded to include the verification of the Injury and Illness Prevention Plans (IIPP), Respirator Programs and Material Safety Data Sheets (MSDS) binders. Service providers will also be required to maintain logs for their Respirator Program and safety and MSDS training.
- CSD will expand program monitoring to include questioning of weatherization crews to evaluate their knowledge of lead-safe practices and the applied use of LSW in the course of delivering weatherization services and renovator records.

Monitoring Reports

On-site monitoring reports are provided to the Subgrantee in the following manner:

- Third-Party Inspectors provide dwelling inspection reports during the exit conference. Training and technical assistance is either provided on the spot or scheduled for a later date to resolve any workmanship and/or paper work issues identified by the Third-Party Inspector.
- Field Representatives brief Subgrantees on observations and potential findings generated by the monitoring visit, usually through an exit conference. Within a reasonable time after each visit, the State will prepare a written report on its findings and send it to the Subgrantee for corrective action, if applicable.

Reporting Software

Reporting software has been developed by one of the Subgrantees that was distributed to the network in the first quarter of 2009. This new software allows the Subgrantees to collect and report data to the department on a summary level basis. By the end of 2010, the department will have developed a web-based reporting system for collecting data for each individual dwelling and performing comprehensive analysis to further monitoring.

Monitoring Schedule

Annual monitoring activities by Field Representatives will be scheduled beginning October 1, 2010, for all DOE Subgrantees. CSD will conduct a desk review and will address any issues identified through this process.

The following is the tentative schedule for on-site monitoring visits.

Month	# of Monitoring Visits
July 2010	0
August	0
September	0
October	6
November	7
December	4
January 2011	4
February	0
March	0
April	6
May	7
June	6
Total	40

Record-Keeping

All records maintained by Subgrantees must meet the OMB requirements contained in 45 CFR Part 92 and 45 CFR Part 74 (OMB Circulars A-102, Subpart C, {"Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments"} or A-110, Subpart C, Nonprofit Organizations), whichever is applicable.

Subgrantees are required to maintain all records pertaining to this program for a minimum period of three years after submission of the final report. Subgrantees must maintain all applicable records until resolution of all related audit and monitoring findings are completed.

Employee and applicant records are required to be maintained in a confidential manner to assure compliance with the Information Practices Act of 1977, as amended, and the Federal Privacy Act of 1974, as amended.

Client Education

Subgrantees are required to provide client education and budget counseling that encourage households to reduce their home energy needs and the need for energy assistance. Each Subgrantee has the latitude to develop their own client education program but they must provide at least the following:

- Written information that describes energy saving behavioral adjustments that will decrease the energy consumption of the household.
- Resource information, referral, family, and budget counseling in order to assist clients in achieving self-sufficiency
- The pamphlet entitled "Renovate Right: Important Lead Hazard Information for Families, Child Care Providers and School" is provided to occupants of pre-1979 dwellings
- The pamphlet entitled "A Brief Guide to Mold, Moisture, and your Home" is provided to all occupants.
- Description of benefits that can be expected of the weatherization measures to be installed and how to maximize the effect of each measure.

DOE-Funded Leveraging Activities

CSD has no planned DOE-funded leveraging activities this year.

Miscellaneous

Carryover

Due to the directive issued by DOE to spend DOE ARRA first during the 2009 program year, funds granted for the standard DOE grant for 2009 has been carried over into 2010.

Energy Council

The Energy Council was formed to serve as a working representative council to work collaboratively with the department on program and policy priorities. It is comprised of a representative group of service providers who meet monthly.

During this program year, their priorities will be ARRA, automation and reporting, solar projects, LIHEAP and DOE funding formula, utility program collaboration, training, legislative issues, and contract updates.

On a quarterly basis, progress reports are made to the State Policy Advisory Council.

Los Angeles County

The process for selecting a new service provider for Los Angeles County Service Area D will be complete by April 30, 2010. A subsequent public hearing will be held once the final decision has been made.

Santa Clara County

Sacred Heart was chosen as the new service provider for Santa Clara County.

Assurance of Compliance

Nondiscrimination in Federally Assisted Programs

OMB Burden Disclosure Statement

Public reporting burden for this collection of information is estimated to average 15 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to Office of Information Resources Management Policy, Plans, and Oversight, Records Management Division, HR-422 - GTN, Paperwork Reduction Project (1900-0400), U.S. Department of Energy, 1000 Independence Avenue, S.W., Washington, DC 20585; and to the Office of Management and Budget (OMB), Paperwork Reduction Project (1900-0400), Washington, DC 20503.

State of California, Department of Community Services and Development (Hereinafter called the "Applicant")

HEREBY AGREES to comply with Title VI of the Civil Rights Act of 1964 (Pub. L.88-352), Section 16 of the Federal Energy Administration Act of 1974 (Pub.L.93-275), Section 401 of the Energy Reorganization Act of 1974 (Pub.L.93-438), Title IX of the Education Amendments of 1972, as amended (Pub.L.92-318, Pub.L.93-568, and Pub.L.94-482), Section 504 of the Rehabilitation Act of 1973 (Pub.L.93-112), the Age Discrimination Act of 1975 (Pub.L.94-135), Title VIII of the Civil Rights Act of 1968 (Pub.L.90-284), the Department of Energy Organization Act of 1977 (Pub.L.95-91), and the Energy Conservation and Production Act of 1976, as amended (Pub.L.94-385) and Title 10, Code of Federal Regulations, Part 1040. In accordance with the above laws and regulations issued pursuant thereto, the Applicant agrees to assure that no person in the United States shall, on the ground of race, color, national origin, sex, age, or disability, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity in which the Applicant receives Federal assistance from the Department of Energy.

Applicability and Period of Obligation

In the case of any service, financial aid, covered employment, equipment, property, or structure provided, leased, or improved with Federal assistance extended to the Applicant by the Department of Energy, this assurance obligates the Applicant for the period during which Federal assistance is extended. In the case of any transfer of such service, financial aid, equipment, property, or structure, this assurance obligates the transferee for the period during which Federal assistance is extended. If any personal property is so provided, this assurance obligates the Applicant for the period during which it retains ownership or possession of the property. In all other cases, this assurance obligates the Applicant for the period during which the Federal assistance is extended to the Applicant by the Department of Energy.

Employment Practices

Where a primary objective of the Federal assistance is to provide employment or where the Applicant's employment practices affect the delivery of services in programs or activities resulting from Federal assistance extended by the Department, the Applicant agrees not to discriminate on the ground of race, color, national origin, sex, age, or disability, in its employment practices. Such employment practices may include, but are not limited to, recruitment advertising, hiring, layoff or termination, promotion, demotion, transfer, rates of pay, training and participation in upward mobility programs; or other forms of compensation and use of facilities.

Subrecipient Assurance

The Applicant shall require any individual, organization, or other entity with whom it subcontracts, subgrants, or subleases for the purpose of providing any service, financial aid, equipment, property, or structure to comply with laws cited above. To this end, the subrecipient shall be required to sign a written assurance form, however, the obligation of both recipient and subrecipient to ensure compliance is not relieved by the collection or submission of written assurance forms.

Data Collection and Access to Records

The Applicant agrees to compile and maintain information pertaining to programs or activities developed as a result of the Applicant's receipt of Federal assistance from the Department of Energy. Such information shall include, but is not limited to, the following: (1) the manner in which services are or will be provided and related data necessary for determining whether any persons are or will be denied such services on the basis of prohibited discrimination; (2) the population eligible to be served by race, color, national origin, sex, age, and disability; (3) data regarding covered employment including use or planned use of bilingual public contact employees serving beneficiaries of the program where necessary to permit effective participation by beneficiaries unable to speak or understand English; (4) the location of existing or proposed facilities connected with the program and related information adequate for determining whether the location has or will have the effect of unnecessarily denying access to any person on the basis of prohibited discrimination; (5) the present or proposed membership by race, color, national origin, sex, age, and disability, in any planning or advisory body which is an integral part of the program; and (6) any additional written data determined by the Department of Energy to be relevant to its obligation to assure compliance by recipients with laws cited in the first paragraph of this assurance.

DOE F 1600.5
(06-94)
All Other Editions are Obsolete

OMB Control No.
1910-0400

The Applicant agrees to submit requested data to the Department of Energy regarding programs and activities developed by the Applicant from the use of Federal assistance funds extended by the Department of Energy, Facilities of the Applicant (including the physical plants, building, or other structures) and all records, books, accounts, and other sources of information pertinent to the Applicant's compliance with the civil rights laws shall be made available for inspection during normal business hours on request of an officer or employee of the Department of Energy specifically authorized to make such inspections. Instructions in this regard will be provided by the Director, Office of Civil Rights, U.S. Department of Energy.

This assurance is given in consideration of and for the purpose of obtaining any and all Federal grants, loans, contracts (excluding procurement contracts), property, discounts or other Federal assistance extended after the date hereto, to the Applicants by the Department of Energy, including installment payments on account after such data of application for Federal assistance which are approved before such date. The Applicant recognizes and agrees that such Federal assistance will be extended in reliance upon the representation and agreements made in this assurance and that the United States shall have the right to seek judicial enforcement of this assurance. This assurance is binding on the Applicant, the successors, transferees, and assignees, as well as the person(s) whose signature appears below and who are authorized to sign this assurance on behalf of the Applicant.

Applicant Certification

The Applicant certifies that it has complied, or that, within 90 days of the date of the grant, it will comply with all applicable requirements of 10 C.F.R. § 1040.5 (a copy will be furnished to the Applicant upon written request to DOE).

***CERTIFICATIONS REGARDING LOBBYING;
DEBARMENT, SUSPENSION AND OTHER RESPONSIBILITY MATTERS;
AND DRUG FREE WORKPLACE REQUIREMENTS***

Applicants should refer to the regulations cited below to determine the certification to which they are required to attest. Applicants should also review the instructions for certification included in the regulations before completing this form. Signature of this form provides for compliance with certification requirements under 10 CFR Part 601 "New Restrictions on Lobbying," 10 CFR Part 606 "Governmentwide Debarment and Suspension (Nonprocurement)" and 10 CFR Part 607 "Governmentwide Requirements for Drug-Free Workplace (Grants)." The certifications shall be treated as a material representation of fact upon which reliance will be placed when the Department of Energy determines to award the covered transaction, grant, or cooperative agreement.

1. LOBBYING

The undersigned certifies, to the best of his or her knowledge and belief, that:

- (1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.
- (2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.
- (3) The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

2. ADDITIONAL LOBBYING REPRESENTATION

Applicant organizations which are described in section 501(c)(4) of the Internal Revenue Code of 1986 and engage in lobbying activities after December 31, 1995, are not eligible for the receipt of Federal funds constituting an award, grant, or loan.

As set forth in section 3 of the Lobbying Disclosure Act of 1995 as amended, (2 U.S.C. 1602), lobbying activities are defined broadly to include, among other things, contacts on behalf of an organization with specified employees of the Executive Branch and Congress with regard to Federal legislative, regulatory, and program administrative matters.

Check the appropriate block:

The applicant is an organization described in section 501(c)(4) of the Internal Revenue Code of 1986? ☐ Yes ☒ No

If you checked "Yes" above, check the appropriate block:

The applicant represents that after December 31, 1995 it ☐ has ☐ has not engaged in any lobbying activities as defined in the Lobbying Disclosure Act of 1995, as amended.

3. DEBARMENT, SUSPENSION, AND OTHER RESPONSIBILITY MATTERS

- (1) The prospective primary participant certifies to the best of its knowledge and belief, that it and its principals:
 - (a) Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;
 - (b) Have not within a three-year period preceding this proposal been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or contract under a public transaction; violation of Federal or State antitrust

statutes or commission of embezzlement, theft, forgery, bribery; falsification or destruction of records, making false statements, or receiving stolen property;

- (c) Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph (1)(b) of this certification; and
 - (d) Have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.
- (2) Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

4. DRUG-FREE WORKPLACE

This certification is required by the Drug-Free Workplace Act of 1988 (Pub.L. 100-690, Title V, Subtitle D) and is implemented through additions to the Debarment and Suspension regulations, published in the Federal Register on January 31, 1989, and May 25, 1990.

ALTERNATE I (GRANTEES OTHER THAN INDIVIDUALS)

- (1) The grantee certifies that it will or will continue to provide a drug-free workplace by:
- (a) Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;
 - (b) Establishing an ongoing drug-free awareness program to inform employees about:
 - (1) The dangers of drug abuse in the workplace;
 - (2) The grantee's policy of maintaining a drug-free workplace;
 - (3) Any available drug counseling, rehabilitation, and employee assistance programs; and
 - (4) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;
 - (c) Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);
 - (d) Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will:
 - (1) Abide by the terms of the statement; and
 - (2) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace not later than five calendar days after such conviction;
 - (e) Notifying the agency, in writing, within ten calendar days after receiving notice under subparagraph (d)(2) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;
 - (f) Taking one of the following actions, within 30 calendar days of receiving notice under subparagraph (d)(2), with respect to any employee who is so convicted:
 - (1) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or
 - (2) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State or local health, law enforcement, or other appropriate agency;
 - (g) Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (a),(b),(c),(d),(e), and (f).

- (2) The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant:

Place of Performance: (Street address, city, county, state, zip code)

☐ Check if there are workplaces on file that are not identified here.

ALTERNATE II (GRANTEES WHO ARE INDIVIDUALS)

- (1) The grantee certifies that, as a condition of the grant, he or she will not engage in the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance in conducting any activity with the grant.
- (2) If convicted of a criminal drug offense resulting from a violation occurring during the conduct of any grant activity, he or she will report the conviction, in writing, within 10 calendar days of the conviction, to every grant officer or other designee, unless the Federal agency designates a central point for the receipt of such notices. When notice is made to such a central point, it shall include the identification number(s) of each affected grant.

5. SIGNATURE

As the duly authorized representative of the applicant, I hereby certify that the applicant will comply with the above certifications.

Program Management

This section represents the basic framework for how the DOE WAP program is administered.

Organization

CSD is one of several departments under the auspices of the California Health and Human Services Agency (CHHSA). The weatherization program within CSD consists of a team approach using Program Analysts, Field Representatives, the Fiscal and Contracts Units, and an outside consultant.

CSD has 42 weatherization service providers statewide. These service providers also provide LIHEAP-funded services. Because of the coordination of services between these weatherization programs, a number of dwelling units will have measures installed using funds from DOE WAP and Department of Health and Human Services (DHHS) LIHEAP funds. The Subgrantee Information section of the Annual File lists CSD's Subgrantees, addresses, service areas, types of organizations, tentative allocations, congressional districts, and dwelling unit goals.

Administrative Expenditure Limits

CSD will retain five percent (5%) of the allowable ten percent (10%) administrative funds; Subgrantees will also receive five percent (5%) for administration. Subgrantees allocated \$350,000 or less will be provided the opportunity to apply to CSD for approval to use up to an additional five percent (5%) of their funding for administration. Each written request will be decided on a case-by-case basis. See Attachment D, Application for Additional Administrative Funds, for CSD forms and criteria used.

Monitoring - Approach

CSD will conduct an on-site monitoring visit of all Subgrantees annually. These assessments will include a comprehensive review of each Subgrantee including its latest financial audit.

If it has been determined that a Subgrantee cannot fulfill their contractual obligations, steps may be implemented to redistribute any remaining allocated funds to other Subgrantees. These funds will be redistributed to the nearest Subgrantee, if feasible, to provide services in the same general geographical area.

Training and technical assistance funds will be used to perform an annual assessment of each Subgrantee, consisting of both a desk review and an on-site monitoring visit. A desk review by Field Representatives is required to perform an analysis of each of their

assigned Subgrantees in order to develop a systematic approach to scheduling program evaluations. Areas to be focused on through on-site monitoring visits include: review of client file folders for supporting documentation of program eligibility and job costs; a Subgrantee signature and date on the Intake and CSD Weatherization Dwelling Assessment to certify that all required measures were installed per contract requirements and CSD Installation Standards; weatherization material inventory systems and controls; internal controls to discourage waste, fraud, and abuse of agency assets; cost-effective weatherization measures; weatherization crew safety procedures; and providing client education and materials relating to the care and cost-effectiveness of the measures installed.

Training and Technical Assistance – Approach

When Subgrantee staff turnover is identified, CSD Field Representatives will ensure that new employees receive the required training through online, training center and mobile training unit courses. CSD requires such training as a means of increasing the quality of weatherization services provided to low-income clients. Subgrantees are required to maintain a log for review of weatherization employees and the dates and place for all required training. CSD maintains training records from online, classroom and field training records.

Training and technical assistance is also provided through the third-party inspectors when deficiencies are identified through the inspection process.

Problems identified through desk reviews and field visits that can be resolved through training and technical assistance will be handled by the Field Representatives and/or other CSD staff, outside consultants, and occasionally by staff brought in from other agencies.

All new CSD weatherization staff shall attend a five-day basic weatherization training course, which includes both theory and hands-on curricula, conducted by the Pacific Gas and Electric Company (PG&E) at its weatherization training facility in Stockton. Appropriate CSD staff will receive updated training as needed (i.e., lead-safe practices).

Allocation Formula

CSD, working in conjunction with a representative group of service providers, updated and developed a new allocation formula effective Program Year 2004. The formula consists of three factors: 2000 census and heating and cooling degree day data and updated utility cost information. When applying the new three-factor formula, several of the Subgrantees experienced large disparities from their previous funding. In order to ease the burden on those Subgrantees who experience more than a 10% shift in funding, any carryover determined during the program year will be included in the following program year to help offset the differences over the next five years. The

carryover will not be incorporated and allocated during the year it is determined to exist since it is uneconomical and burdensome to allocate the historically small amount of funds through the Department's contract process. This method, which is consistent with the Department's LIHEAP weatherization program, will be applicable through Program Year 2012 at which time the procedure will be re-evaluated.

Eligible Population

General Description

To define low-income, CSD has elected to adopt the most current Low-Income Home Energy Assistance Program (LIHEAP) income eligibility guideline. In addition to qualifying because of income, a household may qualify because a household member is a recipient of certain categorical assistance programs.

Household income eligibility is established and documented prior to weatherization of the dwelling. Subgrantees are required by contract to maintain individual applicant files which contain at a minimum the Energy Intake Form, copies of source documents supporting eligibility, the CSD Weatherization Dwelling Assessment, job costs documentation, and for pre-1979 units, lead-safe education confirmation and clearance inspections, if applicable. CSD's Field Representatives on a random basis review these files during monitoring visits.

The State assures that low-income members of the American Indian population receive benefits equivalent to the assistance provided other low-income persons within the State. CSD recommends that a tribal organization not be treated as a local applicant.

Selection of Areas to Be Served

CSD's goal is to serve low-income residents in all 58 California counties. A service area may be a portion of a county, an individual county, or a group of counties. The projected funding, goals, and other information for each service area are set forth in Subgrantee Information in the Annual File.

Priorities

The CSD contract with Subgrantees requires that service priority shall be given to elderly persons, persons with disabilities, families with children, high residential energy users and households with a high energy burden. Subgrantees may give first priority for services to those households whose members have life-threatening emergencies. "Children" are defined as members of a household who have not attained their nineteenth (19th) birthday.

Climatic Conditions

In the waiver audit submittal package, CSD currently uses the U.S. Climate Zone Map provided by DOE. California has four of the five climates zones. The majority of California lies within the range of Zone 4, less than 2,000 cooling degree days and less than 4,000 heating degree days. Priority lists from the pilot project data were developed for those site-built dwellings in Zones 4 and 5.

CSD is evaluating other energy audit tools and developing a new priority list. To be more consistent with the applicability of California Title 24 requirements and to remove the subjectivity related to using weather stations, the California Energy Commission (CEC) climate zones will be used in replace of the current climate zone map.

The Subgrantees use the data included in Attachment A, Climatic Data to customize the energy audit for dwellings to be weatherized.

Weatherization Work

Types of Weatherization Work to Be Done

Weatherization activities to eligible low-income dwellings will focus on providing the most cost-effective measures, checking for health and safety hazards, and providing infiltration reduction. Subgrantees shall follow the priority list of cost-effective energy conservation measures. A list of general heat waste measures shall be allowable for all dwelling types as feasible. These lists are detailed in Attachment B, Energy Conservation Priority List and General Heat Waste Measures.

Energy conservation and electric base-load measures beyond the applicable climate zone priority list shall be allowable only when their cost effectiveness has been determined to have a savings-to-investment ratio (SIR) of one or greater by the approved waiver advanced energy audit.

Commonly installed measures include combustion appliance safety test, carbon monoxide alarms, infiltration reduction, and ceiling insulation. The replacement of refrigerators does not include stand-alone freezers or through-the-door ice or water units.

Dwellings previously weatherized from September 30, 1994, and earlier can be revisited if they did not receive the full complement of weatherization services, including the use of an advanced energy audit or addressing health and safety concerns.

Energy Audit Procedures

All Subgrantees shall continue to use the National Energy Audit Tool (NEAT) for all site-built dwellings and the Manufactured Home Energy Audit (MHEA) for manufactured dwellings until a new energy audit tool is approved. Subgrantees have been approved to use NEAT for multi-family dwellings as per contractual protocols. Approximately 48 percent of all dwellings weatherized in California are multi-family dwellings.

CSD received approval from DOE to use NEAT/MHEA as the waiver energy audit on July 10, 1998. Priority List Measures received approval on May 21, 1999. However, a new energy audit tool and priority list is scheduled to be implemented during the 2010 program year once DOE has given final approval.

Final Inspections

The CSD contract with Subgrantees requires a review and inspection of all dwellings weatherized. A statement certifying that all required measures were installed in accordance with contract requirements and the CSD Weatherization Installation

Standards shall be noted on CSD Weatherization Dwelling Assessment and shall be signed and dated by the reviewer.

Subgrantees will be required to have 25% of their completed units inspected by a qualified staff inspector who has not performed any of the weatherization work on the inspected unit and has met CSD training requirements.

CSD will also have inspections of the installed weatherization measures performed by a third party. These inspections will be comprised of a statewide random sampling of the homes weatherized. Diagnostic tests will be re-performed to ensure that the tests are being properly applied. Statewide standards for the installation of weatherization measures and inspections of homes weatherized by energy providers will help assure that weatherization measures are being installed properly.

Analysis of Effectiveness

In evaluating the effectiveness of Subgrantees and determining their need for training and/or technical assistance, criteria such as the lack of units completed, the number and complexity of the measures applied to completed units, the number and types of inspection findings, the percentage of contracted funds expended, and a high level of Subgrantee staff turnover will be assessed. CSD's Field Representatives, who also review the percentage of funds expended and percentage of goals attained, will base the evaluation of each Subgrantee's effectiveness on the findings during desk and on-site programmatic evaluations.

Health and Safety

Subgrantees will be authorized to mitigate health and safety hazards within the scope of the weatherization program pursuant to the CSD Health & Safety Plan, CSD LI-WAP Policies and Procedures, and CSD Weatherization Standards. Subgrantees shall correct all safety hazards resulting from weatherization measure installation and relating to heating/cooling sources such as combustion appliances (carbon monoxide, back-drafting, etc) and indoor air quality (adding mechanical ventilation, addressing excessive moisture, and installing carbon monoxide alarms). A combustion appliance safety check shall be performed on all dwelling units that contain gas appliances. Clients are informed in writing of any health and safety issues that are found in the dwelling that cannot be remediated within the parameters of the weatherization program.

Subgrantees will work in a lead-safe manner and will comply with the Environmental Protection Agency rules in 40 CFR Part 745, Lead; Requirements for Hazard Education Before Renovation of Target Housing; Final Rule, on applicable dwellings and the CSD Lead-Safe Weatherization Policy. The CSD Weatherization Installation Standards (WIS), LSW Policies and LSW training are being updated to meet the latest DOE and EPA LSW requirements. The finalization of these documents is slated to be July 2009 and will immediately be incorporated into the State's weatherization programs. The State will be in full compliance with the new EPA renovator requirements by April 2010.

Subgrantees' average expenditure for health and safety hazard mitigation will be limited to a maximum of twenty-five percent (25%) of total program expenditures (less administrative and training and technical assistance). Health and safety costs will be tracked on a separate line item in the budget and the expenditure reports and will not be included in the average cost per dwelling.

Rental Procedures

To ensure that the benefits of weatherization to occupants of rental units are protected, CSD's contracts with Subgrantees include this language: "Contractor shall assure that owners and renters receive equitable treatment under this program."

The following language is included on all energy service for rental units agreement forms and is signed by the landlord, or his agent, prior to the dwelling receiving weatherization services:

By signing this form, the owner or owner's agent and the tenant grant the contractor permission to enter the dwelling unit and to perform or install rehabilitation, minor home repair, and/or weatherization measures, depending on the program(s) to the above-described unit and agree to the following:

1. The owner or owner's agent shall not raise the rent of the unit for a period of two years or evict the unit's resident because of the increased value of the unit due solely to rehabilitation, minor home repair, and/or weatherization measures provided by the contractor.
2. The owner or owner's agent and the tenant shall retain all applied measures in the residence where installed.
3. The tenant authorizes the contractor access to utility company record to obtain only energy usage data for a period of one year before and one year after rehabilitation, minor home repair, and/or weatherization measures are installed.

No particular type of dwelling was identified as being more prone to higher energy consumption, and single-family, multi-family, owner-occupied, and rental units are accorded equal consideration for service provision.

DOE funds may be used to weatherize the entire building containing multiple dwelling units, only if, the dwelling units occupied by eligible applicants represent at least sixty-six percent (66%) of the total units within the building.

Subgrantees shall be encouraged to weatherize group homes, rooming houses, and shelters, particularly those for the homeless, battered, or troubled. Specific criteria must be met to ensure eligibility of the group home, rooming house, or shelter. The eligibility of facilities occupied by transient persons may be certified by the owner/manager based on the facility policy of limiting occupancy to those meeting contract eligibility requirements. If a group home or rooming house does not qualify as a multi-family structure, income eligibility is based on all occupants as a group, and the building must be weatherized as a single dwelling unit.

Where occupancy by otherwise eligible occupants is not maintained as a permanent residence, occupancy must be limited to no more than ninety (90) days, and whether or not rent is paid has no effect on eligibility. Payment will be based on the unit's qualifying as a multi-family structure or a group home.

Energy audits using NEAT are required for multi-family dwellings. Only those measures having a SIR or 1 or above are allowed.

Subgrantee Selection and Performance Criteria

Subgrantee Selection

To promote leveraging and increase effectiveness of the DOE WAP program, CSD elects to administer the DOE WAP program through its existing LIHEAP Subgrantees who currently perform the full complement of LIHEAP services including weatherization, emergency heating and cooling, and utility assistance services. LIHEAP Subgrantees along with their designated service territory were grandfathered in accordance with California Government Code section 16367.5. This Subgrantee network is comprised of Community Action Agencies or public or nonprofit entities that have over 40 years of experience in providing public assistance programs to the low-income clientele in their respective communities.

Performance Analysis

Subgrantees are evaluated through on-site monitoring and reporting to ensure satisfactory performance by a consideration of factors, including but not limited to, the following:

- The quality of work, as demonstrated by the agency's experience in administering and conducting weatherization activities;
- The ability to use diagnostic equipment (i.e. blower door and indoor air quality testing equipment) and NEAT or any other DOE approved automated residential energy audit used to identify measures to be installed;
- The extent to which an agency has achieved or is achieving weatherization expenditure and unit production goals (in past or current programs) in a timely fashion;
- The ability to coordinate and leverage funds with other low-income energy conservation programs and/or social service programs;
- The ability to secure volunteers, training participants, and public service employment workers and partnership with business community to expand existing workforce; and
- The ability to meet contractual obligations, adhere to applicable federal and state laws, and maintain adequate internal accounting and fiscal controls.

Termination Procedures

CSD may commence suspension or terminations proceedings based on non-performance or material breach of Subgrantee contract. Should it become necessary to terminate any Subgrantee, or select new ones, the regulations governing such actions, i.e. sections Code of Federal Regulations sections 440.15 (c) and (d), will be followed. Should termination of a Subgrantee during the current grant cycle become necessary, CSD will redistribute the allocations and/or unexpended balances to Subgrantees operating efficient programs in order to ensure that the services continue in the areas served by the Subgrantee being terminated.

Natural Disaster Relief Plan

The purpose of California's Department of Energy (DOE) Disaster Relief Plan is to provide emergency services to low-income individuals and families affected by a disaster as determined by a Presidential or Gubernatorial order declaring either a Federal or State Emergency. The plan will be in effect for a minimum of six months but could be extended dependent upon the anticipated recovery period.

Disaster relief services are only available to qualified low-income households directly affected by the declared disaster. Subgrantees may re-prioritize service requests from these households so that timely weatherization and re-weatherization services can be provided. Dwellings may only be provided repairs or weatherization services that are not paid for by insurance or reimbursed by any other source. Any home damaged by disaster can be reweatherized without regard to date of the original weatherization.

For qualified households, the unit allowance will be increased to the maximum reimbursement for a state of emergency as permitted in the DOE WAP Contract. The maximum is calculated at approximately 15% higher than the most current average per weatherized dwelling unit as established by DOE. The maximum limit for minor envelope repairs will be equivalent to the maximum reimbursement per unit dwelling.

Relief services shall include but are not necessarily limited to the following activities in order of priority:

- All health & safety measures that are within the scope of the weatherization program are given first priority. Health & safety measures can also be expanded to address specific needs of the clientele such as site clean-up and temporary heating sources.
- Secondary priority will be given to a specific list of weatherization measures that will be established as the most beneficial for the type of disaster. The need for these measures must be due to a direct result of the disaster; otherwise, the order of their installation reverts back to normal weatherization policies and procedures. For each emergency, CSD will seek approval from DOE regarding the priority of these measures and the abandonment of applicable NEAT energy audit requirements.
- All remaining measures are to be installed in order of priority in accordance with the CSD Low-Income Weatherization Assistance Program Policies and Procedures.
- Technical assistance may be provided to residents, builders, contractors, and others who are involved in the recovery efforts to aid in achieving the energy efficiency goals of the program.

Prior to initiating disaster relief services, Subgrantees will be required to submit a written plan to CSD outlining the services to be provided and to report activities, expenditures, and demographics as required by the weatherization program.

Reference: National Oceanic & Atmospheric Administration (NOAA), Annual Degree Days to Selected Bases, 1971-2000, released 6/20/02.

If a city or a nearby location where the services are being provided is not listed herein, Subgrantees should contact the local building department to determine the annual heating and cooling degree days. If this information is not available locally, Subgrantees shall exercise their best judgment based on information from similar climate areas.

* There was no weather station available for Sutter County from the NOAA listing used. HDD and CDD were calculated by using an average between Red Bluff (47292) and Sacramento 5 ES (47633).

CEC Climate Zones will be used with the new energy audit tool.

Energy Conservation Priority List

The energy audit will be used to ascertain those energy conservation measures that are most energy efficient for the dwelling. Prior to using the energy audit, the Subgrantees shall perform the activities of outreach, intake, dwelling assessment, health and safety, minor envelope repairs, and infiltration reduction based on blower-door technology in dwellings. Based on the data provided by the six NEAT pilot Subgrantees during Program Year 1998 and as approved by DOE, the following energy conservation measures shall be installed where feasible in site-built single family dwellings, and small multi-family dwellings (less than five [5] units):

Climate Zone 4 (less than 2,000 CDD and less than 4,000 HDD)

- Setback/smart thermostats
- Attic insulation
- Floor insulation
- Lighting retrofits (to compact florescent lights)

Climate Zone 5 (2,000 CDD or more and less than 4,000 HDD)

- Setback/smart thermostats
- Attic insulation
- Evaporative cooler
- Storm windows for slab-on-grade site-built single family dwellings and small multi-family dwellings only

All other units that do not meet the criteria for using the priority list will require an energy audit.

The department is currently evaluating energy audit tools and updating the priority lists. The California Energy Commission (CEC) zones will be used instead of degree days associated with weather stations. To be more consistent with the applicability of Title 24 requirements and to remove the subjectivity related to using weather stations, the climate zone change is being made. The field study is currently being conducted to verify results obtained through computer simulations using RemDesign. This work is scheduled to be completed by July 1, 2010.

General Heat Waste Measures

In addition to the above energy conservation measures priority lists, Subgrantees shall install the following general heat waste measures in all types of dwellings if feasible, including multi-unit dwellings and manufactured homes:

- Evaporative cooler covers and air conditioner vent covers
- Water heater blankets
- Insulation of up to the first five feet of water pipes

- Water flow restrictors
- Filter replacements for heating and cooling appliances
- Weatherstripping for exterior doors

To install other energy conservation measures in site-built dwellings or in multi-unit dwellings (five or more units), the Subgrantee must use the NEAT or MHEA energy audit and install only those feasible energy conservation measures at or above a savings-to-investment ratio of one.

DOE APPLICATION FOR ADDITIONAL ADMINISTRATIVE FUNDS

CSD 574 (Rev. 04/04/08)

Instructions

General Instructions

- Use the form to request up to an additional 5% of administration funds for the DOE Weatherization Assistance Program.
- Additional administrative funds are not available to those agencies whose total DOE allocation exceeds \$350,000 in a program year.
- *There is no contractor's equivalent allowed for this form.*

Section A**Additional Administrative Fund Calculation**

- Enter all of the Agency's Funding Sources (Column A).
- Enter all of the Agency's total funding for each source under Total Funding (Column B).
- Enter the Prorated Allowable Administrative Costs for all of the agency's funding sources.
- Enter the maximum allowable administrative costs for each of the agency's programs under Maximum Allowable Administration.
- If the prorated administrative cost is larger than administrative cost, subtract Column D from Column C. If the total administrative cost is larger than the prorated administrative cost, then subtract Column C from Column D, the result is your (OVERAGE) or (SHORTAGE).
- Enter the total amount of the additional administrative costs required. The amount of Additional Administrative Requested cannot exceed 10% of the net of the total contract allocation less any
- Enter the amount of the percent increase.
- **EXAMPLE:**

A.	B.	C.	D.	E.	F.	G.
Funding Source	Total Funding	Prorated Admin. Costs	Max. Allowable Admin.	Overage (Shortage)	Add. Admin. Requested	% Increase (Max. 5%)
DOE	\$50,000	\$7,000	\$2,500	{ \$4,500 }	\$2,500	5%
OTHER	\$450,000	\$63,000				
TOTAL	\$500,000	\$70,000	\$2,500	(\$4,500)	\$2,500	

Column

- B. Agency's total funding of \$500,000 ÷ by DOE funding of \$50,000 DOE funding comprises 10% of the agency's total funding.
- C. To find prorated administration costs, multiply the percentage of DOE funds by agency's total Prorated Administrative Costs.
 $\$70,000 \times 10\% = \$7,000$.
- D. To find maximum allowed administration cost, multiply agency's DOE funding by 5%.
 $\$50,000 \times 5\% = \$2,500$.
- E. Shortage \$4,500. (Column C – Column D.)
- F. Allowed additional administration costs. $\$50,000 \times 10\% = \$5,000$.
Note: The percent increase cannot exceed a total of 10%.
 $(5\% + 5\% = 10\%)$
- G. 5% increase. (Column F / Column B)

Section B**Justification for Request**

- Describe the justification for the request.

Section C**Administrative Fund Allocation Methodology**

- Describe the methodology used for allocating administrative expenditures between the listed funding sources.

DOE APPLICATION FOR ADDITIONAL ADMINISTRATIVE FUNDS WORKSHEET**CSD 574 (Rev. 4/14/08)****Instructions****General Instructions**

-
- This form is to be used by CSD Field Representatives to evaluate a DOE Application for Additional Administrative Funds CSD 575.
 - Agencies with DOE allocations that exceed \$350,000 do not qualify for additional administrative funds.
-

Review Criteria

- Review the form for:
 - Clear explanations and justifications
 - Completeness
 - Correct calculations
 - Inclusion of all applicable funding sources
 - Determine if the agency shows an adequate need for additional DOE administrative funding. This may be indicated by evidence of insufficient funds to provide for an adequate staff of accountants or other personnel.
 - Consult with CSD audit staff regarding the methodology for allocation administrative funds between programs to determine if the methodology is acceptable.
 - Large agencies with multiple funding sources and large budgets should be scrutinized to determine how their prorated administrative costs are computed and toward what funding sources.
 - Review all CSD programs and determine how CSBG funds are being used for DOE administration and other programs.
-

PROCEEDINGS

HEARING OFFICER EASTBURN: Good morning. I am Jeff Eastburn with the Department of Community Services and Development. I'm the hearing officer for today's public hearing on the 2009 DOE ARRA Amended State Plan Application and the 2010 DOE Standard State Plan Application. Today is Thursday, April 29, 2010. The time is 11:00 a.m.

We are assembling at the LADWP headquarters, John Ferraro Building in Los Angeles, specifically the auditorium, to conduct a public hearing to receive testimony from interested parties regarding the 2009 DOE ARRA Amended State Plan Application and the 2010 DOE Standard State Plan Application.

The hearing is being recorded by court reporter Kathryn Swank.

2009 DOE ARRA state plan changes:

City of Los Angeles:

CSD is modifying the 2009 DOE ARRA State Plan to insert the City of Los Angeles as the new DOE ARRA energy services provider for Los Angeles County Area A.

Is there anyone that has testimony at this particular time regarding the 2009 DOE ARRA state plan?

We'll call up Lucia Alvelais, LADWP.

MS. ALVELAIS: Lucia Alvelais, residential energy efficiency manager, Los Angeles Department of Water and Power. On April 27th, 2010, the Los Angeles City Counsel approved a resolution authorizing the Department of Water and Power to accept the 2009 DOE ARRA Weatherization Assistance Program funding on behalf of the City of Los Angeles. The City of Los Angeles is ready and willing and able to assist in this effort and looks forward to carrying out this responsibility for the City of Los Angeles.

Thank you.

HEARING OFFICER EASTBURN: We will now receive testimony from interested parties regarding the proposed Department of Energy Standard State Plan for the 2010 program year. Is there anyone that has testimony at this time regarding the 2010 DOE State Plan Application?

Is there any additional testimony to be heard today?

It appears that there are no further comments. This public hearing is considered closed. CSD will receive written testimony until 5:00 p.m. today, April 29th, 2010. The time is now 11:05 a.m.

Thank you.

(The public hearing concluded at 11:05 a.m.)

CERTIFICATE OF REPORTER

I, KATHRYN S. SWANK, a Certified Shorthand Reporter of the State of California, do hereby certify:

That I am a disinterested person herein; that the foregoing Department of Community Services and Development Public Hearing was reported in shorthand by me, Kathryn S. Swank, a Certified Shorthand Reporter of the State of California, and thereafter transcribed into typewriting.

I further certify that I am not of counsel or attorney for any of the parties to said hearing nor in any way interested in the outcome of said hearing.

IN WITNESS WHEREOF, I have hereunto set my hand this 29th day of April, 2010.'
